MOQI NURSE PRACTITIONER

As the World, America, and our home states and counties still encounter COVID-19 it is good to know that NHC Desloge has been COVID free. This is due to the improved infection control, closing to outside visitors, and mask wearing on and off site. **THIS IS THE MOST IMPORTANT SINGLE PREVENTION METHOD!!!!!!**

I am proud to say that the partners at NHC Desloge and the residents are very compliant with wearing their mask. I have heard many opinions on wearing a mask from the TV, radio, and social media. This is the new normal and it has been hard for many people to adjust to this new norm but I am confident in saying that this has been a truly positive practice and continuing to follow these guidelines will help ensure your family member's health when the facility is able to open back up for visitor's.

Remember:

- 1 – Wear your mask out in public
- 2 – Wash your hands for 20 seconds; sing the Happy Birthday song (or I like to say the Lord's Prayer)
- 3 – Maintain social distancing (6 ft apart).

We ALL need to do our part to keep ourselves and others safe.

August Birthdays

In astrology, those born between August 1–22 are Leo's Lions, the natural-born leaders of the zodiac. Dramatic, confident, and humorous, Leos are adept at rallying people to a common cause and finding creative solutions in the trickiest of situations. Those born between August 23–31 are Virgo's discriminating Virgins. Virgos pay attention to detail and are highly organized, making them curious and intelligent learners who can get the job done without complaint.
