First Shift CNAs

It can be confusing to have several different faces come into your apartment. Sometimes you may recognize the CNAs that are there to assist you and sometimes you may not. We hope these names and photos will help you identify the people who enter your room and help you not to be concerned because you think they are strangers.

These are our first shift CNAs. They work anywhere from 6am to 3pm Monday through Sunday.

Generations

FEBRUARY 2023

A few of the ladies of the Palmettos—Barbara, Betty, Virginia, and JoAnn—recently painted hearts for Valentine wreaths.

Bird Feed

Who doesn't like bird watching? We know all of our residents do! Unfortunately, bird feed that is being kept in the residents' rooms is causing issues with insects. Even with the bird feed being kept in airtight containers they are still finding their way into it. This is coming from the exterminator we called out to help with this situation. With this said, we would still love for our residents to watch the birds. We ask that no bird feed is stored on site. Please bring it from home to refill when you visit. Thank you for your cooperation and understanding.

New Feedback System

We want to make everyone aware of a new system that NHC is implementing through NRC Health. It is a way for us to get feedback from our customers about the service we are providing. You will be receiving texts, emails and phone calls at different intervals of your stay. The emails will come from connectsurveyreply@surveync.com and the phone calls will come from 888-590-5962. We value your thoughts and opinions and strive to be the community that you recommend to your friends and feel provides a "10" level of service. Of course we don't want these surveys to be the first time we hear of any concerns you have. We want to know of any issues as soon as they happen so that we can address them. We are so thankful for the trust you put in us to care for you!

Hettie had a blast at one of our January Sing-Alongs.
