## **National Grandparents Day**

We at NHC would like to wish all grandparents a Happy National Grandparents Day. You are a blessing to all your surrounding generations. We recognize you for your love, wisdom, and care not only today but year-round.

### **Events for this Month**

We will be hosting a fun end of summer party for the month of September. Please contact us for any further information regarding our events.

**Special Announcements for Families:** The end of Summer is on September 22nd.

**Special Thanks:** We would like to extend a special thanks to Heather Rogers. We appreciate all you do!

## **NHC's Top Dog**

It's time to vote for NHC's TOP DOG! We have had a company-wide internal "competition" to answer the question "Who is NHC's Top Dog?" with the winner winning a Chewy gift card. The decision was hard, but after multiple submissions, the dogs were narrowed down to the Top 30. Cast your vote for who you think should be NHC's Top Dog! We will leave voting open until September 22nd. We will announce the NHC Top Dog Winner in next month's newsletter! [VOTE HERE!](#)

### Fall Prevention Week

Fall Prevention Week is the national health campaign to raise awareness around falls health and injury prevention. At NHC we are committed to lowering risks the falls and injury prevention from any incidents that may occur. Take a look out our latest blog post on how to reduce the risk of falls. ## **National Rehabilitation Awareness Week**

As we celebrate National Rehabilitation Awareness Week, we want to send a THANK YOU to all our therapy partners here at NHC! These hard-working individuals do so much for our patients. Kami Horsman, AVP Rehab says: “Our Therapists are known for treating the bodies and minds of our patients. In truth, they really treat the entire patient in our centers to help refer to all departments, assist with any social or economic barriers, and work within their teams to ensure every aspect of the patient and the patient’s family is taken into consideration to give the best clinical outcomes and patient experience possible. They are truly committed to the quality of life for our

patients.”

Thank you,

Anna Michel
