Special news

While the world may be ever-changing around us at this time, we are still striving for excellence and meeting all of our residents needs and wishes. We had a special baptism here at our center. It was a very special moment when one of our residents expressed she would like to accept Jesus as her Lord and Savior. We are surrounded by very talented and caring staff who helped make this a reality for her. Thank you, Justin and Karl.

Justin played guitar, Karl performed the service and partner witnesses joined, socially distanced of course. Her family was able to join us via Facetime and Zoom. Per her faith preference, her new church pastor will be following up to provide pastoral care and support. Congratulations, Darlene! Please continue to pray for her and her walk with the Lord.

Virtual Games With Us

We want to play a game called Spot it.  
Take a picture of your garden, living room or area of choice.  
List 10 items for us to find. Send this via email it to be added to our activity packets.  
Bonus points if you draw a scene!

Don't forget we still would love to get e-mail like mail.  
Send us an e-mail for your loved one with a picture of your favorite memory with them so we can print and deliver!  
For each item you send in listed in this newsletter, your family member will earn funny money for the bingo store!

You can send these to [lauren.schiefelbein@nhccare.com](mailto:lauren.schiefelbein@nhccare.com)

We are looking to start a new program with the Activity Packets we pass out! If you would like to adopt a resident and make them 7 special activity packets weekly please contact [lauren.schiefelbein@nhccare.com](mailto:lauren.schiefelbein@nhccare.com) to start your packet pen pal!

We will be encouraging family to send or drop off Mother's Day items the week prior to Sunday, May 10th. We know this is a difficult time and not spending it with Mom is certainly not ideal. We will continue to love all the Mom's this and every day while they are here with us.

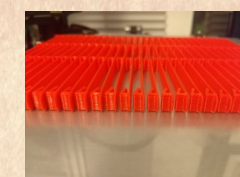

Know that we will be providing small bouquets for ALL of our Mom's to celebrate!

A gift from Salvation Army

We will be receiving the generous donation of a 3d printer. We will be able to print personal adaptive devices and game items soon! Residents will also be able to watch and learn about this exciting new tool! Justin in recreation, has already provided not only our home but multiple others with ear savers for staff masks with his personal machine. He has created well over 1,000 ear savers! Way to go, Justin!
