*If you would like to encourage a staff member, please consider a PEP CARD. This lets our staff know that they are making a difference and adds a couple of bucks to their paycheck. \$\$ If you call our facility, we will fill these out on your behalf.
Much appreciation.

COVID update

As we continue to battle the COVID 19 virus, for status updates please visit the website vofjc.com. The website will be much more efficient and accurate than calls to our facility.

We continue to mass test weekly until we have two weeks of no new positive test. We will be proactive to provide TLC and address mood statuses of our residents. We will continue to follow CDC guidelines specific to infection control

On 7/28/20 our facility had our State COVID survey and passed with no deficiencies.

See the websites noted below for the most current information regarding the opening of our facility and our county:
