

# PET POLICY!

Pets are a source of great enjoyment for many, including the elderly. It is our policy at NHC to encourage and promote pet visitation, but for health purposes we do not permit pets to reside in the health care center. Scheduling of pet visitation should be coordinated through the Activity Department while complying with the following guidelines:

1. The Activity Department will require proof that the pet is current with vaccinations and free from communicable diseases and infestations. An example is an updated copy of the Veterinarian papers with a date no later than 11 years old. A copy will be required yearly. These papers must be provided prior to the visit being scheduled. Please place the resident's name that the pet will be visiting on the copy of these required papers.

2. Pets are not permitted in the kitchen, dining areas, and any area with food, bathing areas, or near residents who have specific allergies, or who are uncomfortable with animals.

3. The animal must be inspected by facility staff prior to resident contact for cleanliness and infestations.

4. The animal must be hand held or leashed at all times while in the facility.

If you have any questions about bringing a pet to visit, please contact Susan Quarles, Activity Director, or any of the Activity Staff.
